**Celebrating NeighborWorks Week
Creating Homes, Building America!**

Join us for Neighbors Together, an annual leadership training event designed to equip and connect current and emerging neighborhood leaders from across metro Atlanta.

Inspired by NeighborWorks America's National Community Leadership Institute, this free, half-day training brings residents together to share ideas, build skills, and strengthen communities from the inside out.

This year's theme, **Thriving Together**, focuses on how strong communities are built by connecting the people, partnerships, and resources already within them. Our 2026 CLI Team will lead a panel highlighting real-world strategies for advancing health equity and food access, engaging youth and the next generation of leaders, strengthening community connections, amplifying neighborhood voices, and building partnerships across faith-based and civic organizations.

Planned and led by our CLI Team of local residents, Neighbors Together reflects the power of grassroots leadership to drive meaningful change. Whether you are a

seasoned advocate or just getting started, you'll leave with practical insights, new relationships, and renewed energy to help your community thrive.
